How to enter

Writing your entry

There are no boundaries on the design, branding or format of the entry. The submission can be formatted portrait or landscape. Feel free to include the Digital Impact Awards branding. Judges often prefer entries that don't have too much text on one page as it makes them easier to read.

The most successful entries have a clear narrative. They include details of why the work was carried out, how the strategy was developed and implemented, and how the results fit the initial objectives.

To enter the Digital Impact Awards please prepare a single PDF document including your entry summary and statement of up to 1000 words in total. Written supporting materials do not contribute towards the word count. Please ensure your file is no larger than 10MB.

Entry summary

Provide a short summary of 300 words or less that includes the following:

- Entry synopsis – a short summary of the project or campaign
- Category entered and why the work fits into that category
- Industry context – what is the company's place within the market?
- Budget (optional – please mark confidential where necessary)

NB: We advise that the submission includes a guide on the project brief, budget and time frame to help put the project into context for the judges.
